

Legacy of the Force: Recollections

Allegiance

Stormtrooper #1: We're stormtroopers!

Officer #1: Go shoot those defenseless civilians!

Stormtrooper #1: No!

Officer #1: Then you die!

The officer is gunned down by the troopers.

Stormtrooper #2: Wait, we're not allowed to kill officers.

Stormtrooper #1: Then we'll desert!

Stormtrooper #3: How will that make things better?

Stormtrooper #1: Ohhh. You want things to be **better**... That's a bit more difficult.

Meanwhile, somewhere completely different:

Mara Jade: Let's see... I'm a gorgeous, Force-using, super-skilled teenage ultra assassin who reports directly to the Emperor. And I'm definitely not a Mary Sue.

Palpatine: Go kill people!

Mara: OK!

Meanwhile, on board the Millennium Falcon:

Luke: I wonder what I should make for dinner.

Obi-Wan: Luke! Don't eat the beans!

Luke: Oh, hey, ghost Obi-Wan. What are you doing here?

Obi-Wan: Telling you completely mundane things that you're too stupid to figure out yourself.

Luke: Oh. OK.

Obi-Wan: I would tell you to go to the Dagobah system, but I'll put that off until you're nearly dead. Later.

Meanwhile, on some random planet:

Stormtrooper #1: Hey, look, it's Darth Vader!

The troopers wave.

Vader: 'Sup?

Mara: Look, a rogue politician!

Stormtrooper #2: We got it!

Stuff blows up. People die.

Stormtrooper #3: We're the Hand of Judgment!

Stormtrooper #1: Laaaaaaaaame.

Andrew: A Timothy Zahn book without Thrawn? What?

Zahn: Ha! Gotcha!

Andrew: Nooooooooooooooooooooo.
